Intro

Chapter contents.

23 Dec 2025

Some brief one-page bullet-point summaries of some of our key published papers. Enjoy.

PAGES IN THIS CHAPTER

A workflow for collecting and understanding stories at scale – Summary (eval2025)

[@powellWorkflowCollectingUnderstanding2025]

AI-assisted causal mapping – Summary (validation)

[@powellAIassistedCausalMapping2025a]

Causal mapping for evaluators – Summary (eval2024)

[@powellCausalMappingEvaluators2024]

Causal mapping teams globally – since 2020

Inclusion rule used here: records from 2011 onward that are clearly causal-mapping work (or close adjacent approaches used to build causal maps), starting from `zotero-bib` and then filtering out obvious noise.

KLAR Outcome Harvesting AI pilot (DEZIM) – Summary (book chapter draft)
