

# INDIVIDUAL VIEWS – HOW DOES THE SYSTEM WORK ACCORDING TO INDIVIDUAL SOURCES ?

---

 screenshot-101-individual-views-how-does-the-system-work-according-to-individual

This question asks about **individual perspectives** on mechanisms and outcomes. By viewing the results for each source in turn you can identify sources reporting specific and unusual pathways of change and analyse individual viewpoints in depth.

This can help tailor a program approach to address specific concerns or leverage unique knowledge.

To get this view, filter your map to show only causal claims made by this particular respondent.
